
Over twenty years' experience developing and implementing research and evaluation projects addressing sensitive social and health issues with diverse, cross-cultural and vulnerable populations at program, community, state and national levels.

Specific areas of expertise include:

- Evaluation design & implementation
- Inclusive & culturally responsive designs
- Contextually appropriate & rigorous methods
- Participatory & collaborative approaches
- Mixed methods yielding rich & reliable data
- Qualitative, quantitative data analysis
- Utilization-focused products tailored for diverse stakeholder groups

Specific topics of interest include:

- Health promotion
- Alcohol and drug misuse
- Sexual violence prevention
- Public health prevention
- Community-wide initiatives
- Vulnerable & marginalized populations

PROFESSIONAL EXPERIENCE

Evaluation Specialists

Founder and Principal Evaluator

2010 - Present

Program Evaluation Corporation founded in 2010, providing comprehensive evaluation services designed to help clients understand, learn from and improve programs and services, meet reporting requirements, and achieve program goals. Substantive knowledge and experience in the areas of health literacy and health disparities, substance abuse prevention, violence prevention, sexual health, and school and community-based interventions.

Jan Vanslyke Consulting

Research and Evaluation Consultant

2005 – 2010

Designed, managed and implemented research and evaluation projects for national, state, non-profit and educational clients. Responsible for proposal development, client contact, project and budget management, needs assessment, evaluation design and implementation, measurement strategy, data analysis, and reporting for diverse stakeholders.

University of New Mexico

Research Scientist: Division of Epidemiology and Preventive Medicine

2000 – 2004

Principal Investigator on two community-based research studies relating to HPV and cervical cancer prevention (funded by Centers for Disease Control and American Cancer Society) resulting in one peer-reviewed publication.

University of Washington

Research Analyst: School of Social Work

1995 – 2000

Data analyst for a 5-year National Institutes of Mental Health grant to examine the effects of drinking and drug use on condom use and risky sexual behavior; conducted statistical modeling and data analyses resulting in four peer-reviewed publications.

University of Washington

Research Coordinator: Department of Epidemiology

1994 – 1995

Research coordinator for a multi-site medical record review study; responsible for data collection.

EDUCATION

Certificate of Advanced Study in Evaluation, Claremont Graduate University, 2010

Continuing Education in Evaluation, more than 150 hours of professional development courses attended through the American Evaluation Association, The Evaluators Institute, and Claremont Graduate University Evaluation Institute, 2005-2010

PhD, Social Welfare, University of Washington, 2000

MSW, Social Work, University of Washington, 1993

BA, Psychology, University of California San Diego, 1988
